AGGRESSOR
ADVENTURES 

Meet the World-famous Swimming Pigs of the Exumas

Many legends surround the feral pigs that inhabit the beach at Big Major Cay. Some say they were intentionally left on the island by sailors. Others say they swam ashore from a sinking ship. Regardless of their voyage to Major Cay, the friendly, swimming swines are stars of the Bahamian Beach.

Don't miss this fun-filled event. It will complete your Bahamas adventure and bring a smile to your face.

Swim with docile nurse sharks at Compass Cay, or pet them as they swim up to dock during high tide.
