Please check with the appropriate consulate to ensure you have the proper documentation. Always check your passport and visa requirements. US citizens may go to the US Department of State website at www.travel.state.gov for more information. The website also has information for consulates by country to assist with requirements. There are special requirements for children leaving the US and many countries have adopted requirements for the protection of children. Since regulations vary by country, contact your consulate or embassy of your country for the requirement. ***The Reservation Office and staff cannot assume responsibility for passengers not having correct documentation.***

C-CARDS

Remember to bring your c-card or proof of certification. The divemaster requires proof of certification before the first dive. If you are a repeat guest, you are automatically enrolled in the *Travel the World Club* and will receive onboard discounts. Your membership is indicated on the Captain's rooming list.

GIS (GUEST INFORMATION SYSTEM)

The Reservations Office and the Indo Aggressor require each guest to complete a Cruise Application and Waiver form prior to departure and diving through our online GIS (Guest Information System). INSURANCE

We strongly recommend each guest purchase comprehensive accident, medical, baggage and trip cancellation and interruption insurance when space is reserved. Trip insurance will protect you from financial disappointment if you are prevented from making your scheduled trip due to illness, family illness or in the event that unforeseen circumstances prevent the airline or yacht from making its scheduled trip. In the event you cancel your trip, be familiar with our cancellation policies, which can be found on www.aggressor.com More information can be found on Diveassure or Divers Alert Network insurance on our website.

HEALTH

The Indo Aggressor has a first aid kit onboard, including oxygen and an AED. You may want to bring motion sickness medication if you feel you will need it. We suggest you bring over-the-counter motion sickness medication or consult your doctor about prescription brands, such as the trans-dermal patch or Scopace tablets. Currents and winds may cause moderate movement of the yacht at times. We recommend a complete physical before your trip. There is a recompression chamber located in Bali.

Aggressor Liveboards yachts and their staff are unable to accept any medication brought onboard for safe keeping including those that require refrigeration. Should a guest have a medication requiring temperature control, they will need to travel with a travel cooling case or small storage cooler with several blue ice packets. The crew will be happy to store and recharge the blue ice but are unable to accept possession of or responsibility for the proper care and storage of medication. This should be

kept in your stateroom. There is NO smoking allowed inside the yacht or on the dive deck. Smoking is only permitted on the sun deck.

THE YACHT

The Indo Aggressor is a 98' (124' LOA) finely crafted twin-masted wooden sailing yacht built in the Pinisi style. Built and powered for comfort, safety and stability, she cruises at 8 knots and has 220-volt power onboard. Accommodations include 2 deluxe staterooms with queen bed, 2 master staterooms with two single beds or one Asian king bed, and 4 twin staterooms with two twin bunk beds (European style). All staterooms have climate controls. **Satellite emergency phone/No Wi-Fi.**

The yacht includes the type C European 2 – pin electrical adapter plug and electrical outlet popularly known as the Euro plug.

The Indo Aggressor sleeps 16 guests in privacy and comfort. She features a roomy, air-conditioned salon and dining area, sun deck complete with lounge and deck chairs. The Indo Aggressor has a TV with media player, and stereo in the main salon. Diving amenities include Nitrox (unlimited Nitrox is \$100 per 7 night charter/ \$150 per 10 night charter), camera table, and fresh water showers. The yacht is not responsible for lost, damaged or stolen items. We highly recommend extreme caution and care be taken if you plan to travel onboard with electronic equipment. This equipment should always be stowed after use to avoid the risk of damage.

FOOD

The menu onboard is varied and plentiful, with a variety of American feasts and local cuisine. If you have any special dietary requirements, please be sure these are noted when completing the GIS. You will awaken to fresh fruits, hot entrees, cereals and juices. Lunches feature delicious local cuisine. Chef-prepared dinners are served each evening and include salads, vegetables, seafood, beef or chicken with a fresh homemade dessert. Once onboard, please speak to the chef about any special needs. Certain special dietary and beverage requests may not be available due to the remote nature of this location.

BEVERAGES

The Aggressor's selection includes fruit juices, soft drinks, iced water, iced tea, coffee, and a limited selection of local beer and wine (one glass of wine is served with dinner), which are complimentary. Due to the high duty charged on liquor, we suggest you bring your special brand from the U.S. Due to local regulations; the bar will be closed while the boat is in port. Drinking and diving do not mix. Once you consume alcohol, you become a snorkeler until the next day.

CLOTHING

Please plan to travel light, as on all live-aboard dive yachts, space is limited. We recommend that you pack your gear in soft luggage such as a duffel bag for easy stowage and to add to your comfort in your cabin. Clothing should be lightweight, comfortable sportswear; sunscreen and swimsuits are a must. A light sweater or jacket is ideal for evenings. Dress is always casual and informal. Additional items you may want to bring are sunglasses and walking shoes for you time on shore.

IMPORTANT: If guests are traveling through the Narita, Tokyo Airport, Japan; please note that they require all lithium batteries to be removed from the device they are intended for and

the batteries placed in your **CARRY-ON** luggage. Failure to have them in your carry-on may delay your travels while they pull your luggage when screened.

ENTERTAINMENT

There is a variety of nightly entertainment, including diving, movies, games and more. If you have a favorite movie, digital presentation or a video to share, we encourage you to bring it along. The crew especially loves new releases of DVD's, movies, CD's, recent magazines and books. A small library of books for exchange is maintained onboard as well as fish identification books for reference.

CELEBRATING A SPECIAL OCCASION

Whether it's your anniversary, birthday, honeymoon, wedding or you are celebrating a 100th dive, please let us know so the crew can celebrate your occasion. Kindly advise the US office prior to traveling so the crew is notified in advance.

DIVING CONDITIONS

Any time of the year this area of Indonesia offers good diving. Visibility may vary from season to season but 10 to 30 meters (35 to 100 ft.) can be expected at most dive sites. Water temperatures can vary greatly within the park ranging from a low of 72F (22C) in the south to a high of 84F (29C) in the northern region. A 3-5mm wetsuit with hood is recommended year round. All diving is from tenders. Guests are also suggested to bring reef hooks for use at some dive spots.

DIVING

The crew of the Indo Aggressor, with their unique combination of talents, offers the ultimate service. While onboard, you may pick a buddy of your choice, or dive with one of the crewmembers. The yacht offers three to four dives per day depending on itinerary (2 on the last day) including night dives. The Indo Aggressor provides 80 cubic ft. tanks with DIN/yoke adaptable valves, weight belts and weights. (two 100 cu ft tanks are available upon request)

Tender diving is the rule rather than the exception. All dives will be made from two dive tenders. Guests board the tender and then don their gear at the dive site. Enjoy fresh water showers on the back deck after your dives and dry off with a warm towel.

All diving onboard the Indo Aggressor should be within the limits and standards of the training agency that certified you. All dives should be planned no decompression dives.

The Indo Aggressor requires that every diver carry a Surface Marker Buoy or SMB, also known as a safety sausage, signal tube, or surface marker on every dive to comply with dive safety standards. An SMB is an important safety accessory for every diver regardless of where you are scuba diving.

DIVING SUPERVISION

You've chosen a liveaboard vacation for the diving freedom that it offers. While in the water, you and your buddy are in charge. Every dive starts with a dive briefing from the yacht staff. However, as a certified diver, you and your buddy are responsible for planning and conducting your own dives within the limitations set forth by the briefing. The yacht staff will be on the dive deck providing surface support for divers. They will also have staff in the water offering support, u/w photography and videography, and critter spotting services as

well. On some dive sites a staff member will offer to lead a group and assist them in locating specific points of interest. However, the yacht does not offer direct supervision of dives. If you start out with a group, as long as you and your buddy remain in contact with each other and are ok – you may follow your own dive plan. Divers who desire more personal attention and structured/supervised dives should consider taking one of our numerous specialty courses. An underlying skill featured in all the specialty training is planning, executing, and debriefing after your dive in order to build a more confident diver.

DIVE GEAR SUGGESTIONS

We suggest you pack the following: mask, fins, snorkel, regulator with pressure gauge, depth gauge, buoyancy compensator, dive computer, dive light, mirror, safety sausage, Dive Alert and/or other safety devices. Dive computers are mandatory for each guest. Each piece of gear should be marked with waterproof paint or tape.

CONSERVATION LAWS

Conservation laws do not permit spear fishing or collecting.

When settling your account the Captain will have an envelope for gratuities that will be divided equally among the crew. Payment can be made by cash or credit card.

CHECKOUT

Final disembarkation will occur between 8:00 am –1:00 pm at the end of the charter. Guests will be transported to the airport. If necessary, additional transfers from the Bali airport to your hotel can be purchased ahead of time.
